

Trim™

Powered by S³ Technology.

Are you ready to take control of your energy levels and achieve your weight loss goals? Look no further than Trim™, our innovative product designed to revolutionize the way you approach health & fitness. Powered by our coveted S³ Technology™, Trim™ provides a cutting-edge solution to help you shed those extra pounds while boosting your energy levels.

With Trim™, you'll experience a dynamic blend of science-backed ingredients meticulously formulated to enhance fat burning, suppress appetite, and boost metabolism. Our S³ Technology ensures that our ingredients work synergistically to optimize your body's natural fat-burning mechanisms, maximizing results like never before.

Say goodbye to sluggishness and hello to a new level of vitality. Trim™ is here to empower you on your journey to a healthy, happier you. Try Trim™ today and unlock your true potential for energy and weight loss.

BENEFITS OF TRIM™

- **Supports Metabolism and Weight Loss*:** Trim™ is formulated to boost your metabolism, helping you burn calories more efficiently and accelerate your weight loss progress.* Combined with a healthy diet and exercise program such as SF5, you'll be well on your way in no time.
- **Long-Lasting and Consistent Energy:** Say goodbye to energy crashes and fatigue. Our weight loss supplements provide a steady release of energy, keeping you energized and focused for longer periods.* No more afternoon slumps or struggling to stay on track with your diet and exercise routine.

- **Focus and Mental Clarity:** Experience improved mental clarity and focus with Trim™. Trim™ supports brain function, helping you stay sharp and attentive so you feel like getting up, and getting moving.*
- **Boost Natural Energy:** Enjoy a natural energy boost without the jitters or crashes often associated with other supplements. Trim™ provides a clean source of energy, allowing you to tackle your day with enthusiasm and vitality.*

WHAT EXACTLY IS IN TRIM™?

We're glad you asked! Our top-quality ingredients work in harmony with your body, helping you stay on track while supporting your overall well-being.* We prioritize your health and safety as you work towards your wellness goals!

Vitamin B6: Involved in the metabolism of carbohydrates, proteins, and fats, converting them into usable energy for the body. Adequate levels of B6 can help combat fatigue and maintain optimal energy levels throughout the day. Vitamin B6 is also involved in the production of hemoglobin, the protein responsible for carrying oxygen in the blood. Adequate B6 levels help maintain healthy levels of hemoglobin, supporting overall blood health.*

Iron: Sufficient iron levels support an adequate supply of oxygen to cells, tissues, and organs, boosting energy levels and combating fatigue.* Iron has also been known to maintain or support muscle health.* Iron is necessary for proper muscle function. It helps carry oxygen to muscles, enabling them to contract and perform optimally during physical activity. Adequate iron levels can prevent muscle weakness and cramps, and improve exercise performance.*

Magnesium: Magnesium is essential for maintaining strong and healthy bones, as it aids in the absorption of calcium and vitamin D, both of which are crucial for bone formation and density.*

Powerful herbal extracts: Several powerful herbal extract are found in Trim™ that provide weight loss and energy support, including green tea extract, bitter orange extract, theacrine and evodiamine.* Each of these contributes to the additive power Trim™ provides to enhance your efforts!

S³ Technology: Trim™ is supercharged with S³ Technology to aid in stable, all-day energy. Dr. Tory Parker crafted our proprietary energy blend, S³ Technology, to help keep you alert, energized, and performing at a consistent level all day long.*

So, what does S³ mean? Spark is your typical quick-release caffeine. You feel it right away but tends to wear off after a few hours. Strength is that second wave. We discovered a new technology of coated caffeine that delays its release into your bloodstream and kicks in just when the spark starts to wear off. Stamina is another new technology that releases little bits of caffeine into your bloodstream very slowly throughout the day.

TRIM™ HIGHLIGHTS:

Long-lasting & consistent energy*

Supports healthy weight-loss*

Focus & Mental clarity*

Supports metabolism*

Boosts natural energy*

Enhanced with S³ Technology

TRIM DOWN, SHINE BRIGHT, AND FEEL JUST RIGHT!

Discover the difference Trim™ can make in your journey toward a healthy and happier you. Start accelerating your weight loss, boosting your energy levels, and achieving your goals today!
