

Collagen Pearls

Bright · Smooth · Glow

PATENTED MELTING COLLAGEN PEARLS TECHNOLOGY

Reduces Visibility
of Aging

Radiant, Glowing
Skin

Moisturizing
Benefits

Truvy Collagen Pearls are a luxurious addition to any skincare routine. These patented melting pearls are delicately spun and pressed with powerful ingredients into a quick-dissolving pearl that benefits most skin types and instantly enhances the appearance of your complexion. The pearls are formulated to attract and retain moisture, promoting smooth and firm skin. Truvy Collagen Pearls contain a unique peptide that may aid in collagen production, conditioning, and moisturizing the skin for a more radiant look.

BENEFITS:

- **Reduces Visibility of Aging**
- **Moisturizing Benefits providing a smooth, firm complexion**

Fun fact: Collagen, a protein that supports skin elasticity, is produced naturally by your body but production decreases with age. This is why maintaining a good skincare routine and using products like Truvy Collagen Pearls to boost collagen production can be beneficial.

POWERFUL INGREDIENTS:

- **Sodium Hyaluronate**
- **Clinically studied collagen boosting peptide**

HIGHLIGHTS:

- **Patented Melting Pearl Technology**
- **Compatible with make-up and other beauty products**
- **Preservative Free**
- **Water Soluble**
- **Cruelty Free**
- **Vegan**

SUGGESTED USE:

To establish a proper base, start with 1 pearl every day for the first 10 days. Continue daily if desired, or reduce to 1 pearl every other day for the next 20 days. After the first 30 days, continue with 1 pearl every third day or as often as desired.

Step 1: After cleansing but before applying moisturizer, drop pearl in palm and add a few drops of water.

Step 2: Rub your hands together.

Step 3: Apply to face and neck.
